

**Self-propelled
pruning platforms**

HSP-251 series

A complete range of tree nursery machines

Damcon has been well known in tree nursery since 1969.

Our long-time experience guarantee machines of good quality. Due to long-term use (20 years is no exception) Damcon machines are very durable!

The machines are used in tree nursery, landscaping and fruit cultivation. Sales take place worldwide.

A team of about 40 people works daily with great passion in our factory. You don't build a Damcon machine, you create it!

We also notice this passion for Damcon machines with you as a customer. "I don't work with a machine, no, I lift trees with a Damcon!"

By mechanizing processes for you as a customer, we make life more pleasant for you as a grower, greenkeeper and fruit grower.

Innovations are the result of a unique collaboration between the customer and Damcon.

- Up to more than a week of operation on one battery charge
- Fewer operating hours due to economical use

Advantages diesel variant:

- Easy and fast refueling, the machine can stay on the land
- Easy maintenance
- Cheaper to buy

Options for the HSP-251 series

Automatic steering

Driving straight in the row by means of a camera system

Adjustable platform

Adjustability 80-120 cm
machine width becomes 130 cm

Canopy

Equipped with removable PVC tarpaulin

PVC tube

Intended for bamboo canes

Toolbox

Fits the entire railing

Toolbox

At the back on the door
Not possible i.c.w. canopy

Tying tube holders

2 holders in door

Tying tube holders

Holder against cowl panel

Draw bar

For transport in lifting device
(2WD only)

Company color

Sprayed in your company colors

Radio

- Radio FM, Blaupunkt
- Radio FM/DAB+, Blaupunkt
- Portable radio

Options for the electric variant

Roof with solar panels

For extra loading capacity

Two-wheel drive

Instead of four-wheel drive

Options for the diesel variant

Compressor

Capacity: 250 ltr/min – 11 bar

Foot control

For driving forward

Two-wheel drive

Instead of four-wheel drive

Filter set

For maintenance at 50 hours
