NAIL EQUIPMENT

Catalog 2026

# HISTORY

ÜLKA was created with a clear mission: to protect the health and well-being of beauty professionals by developing innovative, reliable, and safe equipment.

Founded in 2017 in Ukraine by Yulia Siletska, the company has grown into an international manufacturer with more than 50 employees and a presence in 45+ countries worldwide.

## Our milestones:

- **2017** – The first nail-dust collector was created, and a small production facility was launched in a rented apartment.
- **2018** – Relocation to the first 100 m<sup>2</sup> production site, expansion to 10 employees, participation in the first exhibition in Ukraine, and signing of the first international contract.
- **2021** – Rapid growth: 32 employees and 800 m<sup>2</sup> of production space.
- **2022** – ÜLKA products entered 10 international markets.
- **2023** – We set trends in health and wellbeing for beauty professionals. ÜLKA won Nailpro's Readers' Choice Award for Best New Product with the ÜLKA Premium Dust Collector.
- **2026** – ÜLKA offers a full portfolio of professional equipment for nail technicians and continues to lead the market with breakthrough innovations.

At ÜLKA, we operate a full-cycle production process for nail-dust collectors, controlling every stage from concept to assembly. Our devices are equipped with HEPA filtration systems that absorb 99.9% of dust, ensuring a clean and safe workplace for nail professionals.

One of our core values is service, embraced by every team member – from production workers to company leadership. ÜLKA has also successfully passed all inspections and obtained CE and ISO certifications, confirming the high quality and safety of our products.

ÜLKA is dedicated to beauty professionals – your health, comfort, and success are our highest priority.

carbide (HRA 95%)

# NAIL DRILL BITS

## ÜLKA CARBIDE NAIL DRILL BIT NEEDLE

PRODUCT CODE: C2315-M

- Delicate cutting of delaminations
- Cleaning the nail plate of any residue after polymerisation
- Work in hard-to-reach areas

Shape: needle with rounded tip

Grit: medium

Head diameter: 2,3 mm

Head length: 15 mm

Material: high-quality tungsten carbide (HRA 95%)

## ÜLKA CARBIDE NAIL DRILL BIT NEEDLE

PRODUCT CODE: C2314-M

- Careful removal of delaminations
- Cleaning the nail plate after polymerization
- Precision work in small areas

Shape: needle with sharp tip

Grit: medium

Head diameter: 2,3 mm

Head length: 14 mm

Material: high-quality tungsten carbide (HRA 95%)

carbide (HRA 95%)

# NAIL DRILL BITS

## ÜLKA CARBIDE NAIL DRILL BIT CORN

PRODUCT CODE: C513-M

- Removal of gel polish and hard coating
- Shape correction
- Nail plate correction

Shape: corn  
Grit: medium  
Head diameter: 5 mm  
Head length: 13 mm  
Material: high-quality tungsten carbide (HRA 95%)

## ÜLKA CARBIDE NAIL DRILL BIT CORN

PRODUCT CODE: C513-F

- Correction of extended nails
- Preparation for artificial nail extensions
- Treatment of calloused areas of skin

Shape: corn  
Grit: fine  
Head diameter: 5 mm  
Head length: 13 mm  
Material: high-quality tungsten carbide (HRA 95%)

## ÜLKA CARBIDE NAIL DRILL BIT CORN

PRODUCT CODE: C513-C

- Removal of thick artificial coatings and acrylic
- Working with volumetric designs
- Treatment of calluses and corns

Shape: corn  
Grit: coarse  
Head diameter: 5 mm  
Head length: 13 mm  
Material: high-quality tungsten carbide (HRA 95%)

carbide (HRA 95%)

# NAIL DRILL BITS

## ÜLKA CARBIDE NAIL DRILL BIT CONE

PRODUCT CODE: C615-M

- Removal of gel polish and hard coating
- Shape correction
- Nail plate correction

Shape: cone  
Grit: medium  
Head diameter: 6 mm  
Head length: 15 mm  
Material: high-quality tungsten carbide (HRA 95%)

## ÜLKA CARBIDE NAIL DRILL BIT CONE

PRODUCT CODE: C615-C

- Removal of thick artificial coatings and acrylic
- Working with volumetric designs
- Treatment of calluses and corns

Shape: cone  
Grit: coarse  
Head diameter: 6 mm  
Head length: 15 mm  
Material: high-quality tungsten carbide (HRA 95%)

diamond

# NAIL DRILL BITS

## ÜLKA DIAMOND NAIL DRILL BIT BALL

PRODUCT CODE: B040-M

- Cuticle and sidewall treatment
- Nail edge alignment
- Treatment of calluses and cracks in pedicure

Shape: ball  
Grit: medium  
Head diameter: 4 mm  
Material: high-quality diamond coating

## ÜLKA DIAMOND NAIL DRILL BIT BALL

PRODUCT CODE: B040-F

- Polishing the skin around the nail
- Removal of burrs
- Gentle cuticle treatment for sensitive skin

Shape: ball  
Grit: fine  
Head diameter: 4 mm  
Material: high-quality diamond coating

## ÜLKA DIAMOND NAIL DRILL BIT BALL

# OUR ADVANTAGES

## Warranty and service

We are the only Ukrainian manufacturer to offer a 5-year warranty on our nail dust collectors. When you purchase 50 of them, you receive one additional unit free of charge. This reflects our commitment to supporting our partners.

## Financial development and increasing profits

Our commercial policy is designed to help you boost your profits by 30% or more. We believe in the success of our partners and are committed to proving it with tangible results.

## ÜLKA is a lifestyle

The "Club of Ambassadors" is unique in Ukraine and worldwide. Our family includes more than 100 ambassadors who represent and support our brand.

They don't just test our equipment — they become true experts, providing professional insights and shaping the future of our products

## International experience and trust

More than 86,000 satisfied nail professionals in 46 countries have already chosen us. We are grateful for your trust and are committed to continuing our development together.
